IDIS 489 (any)					NVSC (upper level)	MATH 308

ENGR 111 and ENGR 112 may be technical electives if taken before entry into IDIS by a student changing their major. An additional hour will be needed to fully satisfy the 3 hour technical elective credit if using ENGR 111 or ENGR 112.

ENTC 481 (1 hr) may be taken to couple with ENGR 111 (2 hrs) or ENGR 112 (2 hrs) to satisfy the 3 hour technical elective credit. ENTC 481 is taught in the spring semesters and is not always offered.

IDIS 420, IDIS 421, IDIS 489 (fall), and IDIS 489 (spring) may be a core curriculum course in place of IDIS 420/421/489 in the curriculum OR any of the courses may be a technical elective. A course cannot be both.

IMPORTANT NOTE:

- Even if a course satisfies both Directed Elective and Tech Elective, it will only count for one. You must take different courses to fulfill each of these 2 requirements.
