"One of the great parts of the MID program is your ability to work with your classmates and take that experience back into the work place. It's a variety of individuals who have been in the industry anywhere from 5 years to 30 years in a wide range of roles... so you learn to communicate across that breadth of people."

BRITTNEY HUNTER, CLASS OF 2015  
EPC SALES REP, EATON'S CROUSE-HINDS BUSINESS

"The key to the MID program is managing the course load with personal and professional obligations with cadence and rhythm. Once established, I never missed a work or family event, holiday, or trip that was important to me."

BRAD VANCE, CLASS OF 2013,  
PRINCIPAL CONSULTANT BUSINESS  
CONSULTING LEAD, EPICOR SOFTWARE
